

# UConn School of Nursing Doctor of Nursing Practice (DNP)

## Bachelors-DNP Adult Gerontology Primary Care Nurse Practitioner (AGPCNP)

The Doctoral Programs offered through the University of Connecticut, School of Nursing prepare nurse scholars with a focus in either the Scholarship of Discovery (PhD Program), or the Scholarship of Application (DNP Program). The DNP is designed for nurses seeking a terminal degree in nursing practice for those who plan to have a career in the clinical practice setting as an APRN or Nurse Executive. Adult Gerontology Primary Care Nurse Practitioner (AGPCNP) graduates are prepared as advance practice nurses to assess, diagnose, monitor, treat and coordinate care of individuals from adolescence to senescence with common acute and chronic conditions within the context of family and community in primary care settings. The focus of the specialty is on the delivery of primary care to the individual including health promotion, disease prevention, and disease management activities to support healthy lives. The core competencies emphasize teaching/coaching, consultation and evidence based practice. Graduates of this concentration are prepared for eligibility to apply for the AGNP Primary Care certification examination prepared by an approved national organization as accepted by the Board of Registration in Nursing and apply to practice in the expanded role in Connecticut or other states based on regulatory guidelines.

### PLAN OF PART-TIME STUDY

#### Semester I Fall

NURS 5060 Advanced Pathophysiology: Concepts for Advanced Nursing Practice Across the Lifespan	3 credits
NURS 5012 Nursing Science and Patterns of Knowing in Advanced Nursing Practice	3 credits

#### Semester II Spring

NURS 5020 Statistical Methods in Health Sciences Research	3 credits
NURS 5070 Advanced Pharmacodynamics and Implications for Nursing Actions	3 credits

#### Semester III Fall

NURS 5062 Advanced Health Assessment Across the Lifespan	3 credits
NURS 5030 Nursing Research for Evidence-based Practice	3 credits

#### Semester IV Spring

NURS 5400 Health Promotion, Prevention, and Common Health Problems in APN Practice I	3 credits
NURS 5409 APN Clinical Practicum I	3 credits

#### Semester V Summer

NURS 5150 Common and Chronic Health Problems in APN Practice II	3 credits
---	-----------

#### Semester VI Fall

NURS 5410 Common and Comorbid Health Problems in APN Primary Care Practice III	3 credits
NURS 5419 AGNP Primary Care Clinical Practicum II	3 credits
NURS 5870 Health Policy and Populations-based Advocacy for The Scholarship of Application	3 credits

#### Semester VII Spring

NURS 5420 Complex and Comorbid Health Problems in APN Primary Care Practice IV	3 credits
NURS 5429 AGNP Primary Care Clinical Practicum III	3 credits
NURS 5811 Application of Genetics to Health Care	3 credits

**45 Credits earned in the MS/APRN portion of the BS-DNP Program**

### **Semester VIII Fall**

<b>NURS 5850:</b> Scientific and Theoretical Underpinnings for The Scholarship of Application	3 credits
<b>NURS 5845:</b> Health Service Statistics & Research Methods for The Scholarship of Application	3 credits

### **Semester IX Spring**

<b>NURS 5855</b> Evidence Based Practice for The Scholarship of Application	3 credits
<b>NURS 5860</b> Quality and Organizational/Systems for The Scholarship of Application	3 credits

### **Semester X Fall**

<b>NURS 5865</b> Information Systems for The Scholarship of Application	3 credits
<b>GRAD5910:</b> Responsible conduct of Research for The Scholarship of Application	1 credit
<b>NURS5895:</b> DNP Seminar: Topic Identification	1 credit

### **Semester XI Spring**

<b>NURS 5885</b> Leadership and Management for The Scholarship of Application	3 credits
<b>NURS 5869</b> DNP Residency I-Project Development	3 credits

### **Semester XII Summer**

<b>NURS 5879</b> DNP Residency II-Project Implementation	3 credits
--	-----------

### **Semester XIII Fall**

<b>NURS 5889</b> DNP Residency III-Project Evaluation	3 credits
29 credits completed in the Post-Master's Portion of the BS-DNP Program	
74 credits total completed in the BS-DNP Program	

### **Elective –Options include:**

**NURS6101:** Grants Writing,

**NURS 6122:** Quantitative Methods for Design and Analysis in Nursing Research I

**NURS 6130:** Introduction to Qualitative Methods

**NURS5001/5002/5003:** Holistic Nursing Online Graduate Certificate

**NURS5700/5710/5720:** Certificate in Health Professions Education

**NURS5101/5102/5103/5104:** Pain Management Online Graduate Certificate
