**Full Job Description**

Behavioral Health agency is seeking an Advanced Practice Registered Nurse (APRN) or Physician Associate (PA) for a part-time opportunity in our Vernon CT outpatient clinic. We are looking for a candidate who is ready to join our inter-disciplinary team in providing quality behavioral health and addiction treatment to a broad patient population. This position includes outpatient medication management. This position does not include any on-call duties. Hours are flexible up to 30 hours per week.

**Job Duties & Responsibilities:**

Under the direction of our Medical Director and clinic Program Director, APRNs/PAs are responsible for performing initial psychiatric assessments, medication evaluations, and ongoing medication management of patients in our outpatient program. Responsibilities include educating patients about preventative health maintenance, healthy living options, and avoiding polypharmacy. Our prescribers work closely with our clinicians to provide closely monitored care in a community setting. Similarly, our prescribers communicate frequently with outside healthcare providers to ensure quality and continuity of care.

**Qualifications and Skills:**

- Master’s degree from an accredited School of Nursing or Physician’s Associate Institution; current credentialing as an Advanced Nurse Practitioner or a Physician Associate  
- CT APRN License or CT PA License
Experience and knowledge of EMR and regulatory compliance including timely documentation and treatment planning.

Experience in Behavioral Health preferred, Addiction and Across the Lifespan Prescriber preferred.

Current CPR and Basic Life Support Certification for Healthcare Providers.

Controlled Substance Registration Certificate and U.S. Drug Enforcement Agency (DEA) Substance Registration Certificate.

Supervision Received: This position reports to the Medical Director.
