October 8, 2021

Upcoming Graduate Nurses,

Trinity Health of New England (Saint Francis Hospital & Medical Center & Mount Sinai Rehabilitation Hospital), is now accepting Graduate Nurse applications for our February 14, 2022 cohort. Applications will be accepted until January 1, 2022. We would like to pass along the job posting information (Graduate Nurse Resident - requisition #00310169). You must possess your RN license number by February 7, 2022.

St. Francis Hospital and Medical Center and Mount Sinai Rehabilitation Hospital are looking forward to the arrival of the graduate nurses in the spring. In anticipation of seeking employment, we would like to provide information regarding our program. After acceptance into a position you will be in our Graduate Nurse Residency program which meets regularly.

The Nurse Residency Program at St. Francis Hospital and Medical Center provides a comprehensive infrastructure to expand the knowledge, skills and attitudes required of a nurse to move from entry-level competence toward proficiency and expertise.

Nurse Residency Program goals support the nurse resident to:

- Transition successfully to a competent practitioner
- Enhance the ability to provide quality, evidence-based care
- Advance critical thinking ability
- Improve skills in clinical decision-making
- Become engaged as an entry level nurse leader at SFHMC & MSRH
