Junior Nursing Student Per-Diem Job Opportunity
Student Nursing Technician

Hartford Healthcare’s Central Region (The Hospital of Central Connecticut and MidState Medical Center) is offering an opportunity for nursing students in their Junior year who have successfully completed their fall semester and are preparing to enter their spring semester to immerse themselves into a collaborative and dynamic hospital environment to further their growth and development in the nursing field!

This is an entry level clinical nursing technician role that includes a comprehensive hospital onboarding and unit orientation with a nursing technician.

Please contact Renee Jacobson at renee.jacobson@hhchealth.org for questions or additional information.
